

Dustin Sampers

Columbia, SC 29201 – 803.524.0068 – dsampers@email.sc.edu

Professional Summary

Experienced leader with a proven track record of five years, adept at motivating and developing high-performing teams for outstanding results. Skilled in communication, project management, and problem-solving. Seeking to leverage leadership expertise for the success of an organization.

Education

- High School Diploma - Clover, SC - 4.0 GPA - 05/2023
- Bachelor of Computer Information Systems - University of South Carolina College of Engineering and Computing - Columbia, SC – Current
- Received Dean Scholar and Palmetto Fellow at the University of South Carolina

Experience

A/V Technician – University of South Carolina - Columbia, SC – 02/2024 to Current

- Preparing and maintaining live visual and audio while interacting and communicating with a client and my own team.
- Troubleshooting technology for clients and other university staff members.
- Preparing and managing live streams for corporations and organizations, while to their wants and needs.

Head Defensive Varsity Lacrosse Coach – Blythewood High School 8/2023 to Current and York County Select Travel – 3/2023 to 8/2023

- Became Head Defense Coach for both programs at only 18 years old by demonstrating maturity, leadership, and results.
- Using communication skills to convey instructions clearly and provide constructive feedback to players and staff. Effective communication with parents, school administration, and other coaches.
- Fostering team cohesion, unity, and sportsmanship among players, while encouraging a positive environment.
- Using time management to plan practices, drills, and game plans, ensuring the team is well-prepared for competitions.
- Knowledge and certification of safety protocols, first aid/CPR, and injury prevention measures to ensure the well-being of players during practice and games.

Shift Leader/Supervisor – Waffle House – Lake Wylie, SC – 06/2022 to 10/2022

- Became Shift Leader at only 17 years old by constantly excelling at my regular tasks and communication with customers.
- Lead and supervised a team during a shift, ensuring smooth operations and exceptional customer service.
- Displayed effective time management and delegating/managing tasks to maintain efficient and productive operations.
- Trained employees, regulated safety standards, and demonstrated the ability to maintain a clean and safe environment.

Demolition Project Manager – Clutter Ease – Lincolnton, NC – 03/2020 to 11/2023

- Was promoted to project manager due to my maturity and hard-work, knowledge of safety skills and performance on safety inspections/tests, and my ability to interact with older coworkers and obtain their respect and cooperation.
- Showed expertise in safety protocols and regulations, ensuring a safe working environment for the demolition team.
- Created comprehensive demolition plans, including site assessments, risk assessments, and project timelines.
- Used leadership and supervisory skills to manage and motivate a demolition crew, including assigning tasks and monitoring progress.
